Building on case studies of world-class brands such as Dell, Disney, Microsoft, Sony, Dove, Intel, CitiGroup, and PowerBar, Aaker demonstrates how powerful, cohesive brand strategies have enabled managers to revitalize brands, support business growth, and create discipline in confused, bloated portfolios of master brands, subbrands, endorser brands, cobrands, and brand extensions. Renowned brand guru Aaker demonstrates that assuring that each brand in the portfolio has a clear role and actively reinforces and supports the other portfolio brands will profoundly affect the firm's profitability. *Brand Portfolio Strategy* is required reading not only for brand managers but for all managers with bottom-line responsibility to their shareholders.

Countdown to Mecca May 14 2021 A plane bound for Amman, Jordan goes down in the Caspian Sea. The crash yields no survivors—save the Russian mercenary who hijacked the flight—and a cask containing an agent of unprecedented destructive potential is missing from the wreckage. A carefully plotted terrorist attack has been put into motion, and the resulting chaos might be enough to push America toward another costly war. The one man who might be able to stop the attack is Jack Hatfield, a freelance reporter who has never shied away from controversy. After making a politically incorrect statement about Islamic extremists, he has been discredited as a journalist and left to pick up the pieces of his career. But when his half-brother Sammy calls him, saying that his neighbor Ana overheard something she shouldn't have and now both their lives are in danger, Jack realizes he's stumbled upon a conspiracy to destroy Mecca. Now he, and a group of likeminded friends on the fringes of the law, must uncover who is behind the plot and stop them—or else witness the collapse of the world into a war of mutually assured global destruction. Michael Savage's COUNTDOWN TO MECCA is a gripping page-turner that takes readers on a journey where even the seemingly innocent aren't always innocent, the loyal aren't always loyal, and that even those counted on to serve their country, cannot always be counted on to protect it. With the threat of a third world war looming, Jack Hatfield must stop the destruction... before somebody can stop him.

**Henry Hudson** Mar 31 2020 Explorer Henry Hudson was famous in life and death. Between 1607 and 1611, he led four voyages to find a passage from Europe to the Orient. Although he failed to reach Asia by water, he did discover the Hudson River, Hudson Bay, and Hudson Strait. He traveled in dangerous seas. Ice struck his sailing vessels, and his crew suffered from freezing conditions. On his final voyage, his men rebelled. They forced Hudson, his son John, and seven other crew members aboard a small boat and set them adrift to die. The rest of the crew returned to its home port without its captain. They were found not guilty of mutiny-but Hudson and the other maroons were never heard from again.

**Seven Librarian Detective Series** Apr 12 2021 Bobby Cinema has written seven detective stories in one book about each different character going through solving a difficult case, being in the action and deal with real intensive stuff they had to go through from solving cases. For these seven ordinary detectives and their team, their work usually ends up in a library, which is their sanctuary and a place to read and relax at the same time. The first detective series is called Raymond: Librarian PI. Ray Levenstein, a former FBI agent, took over the head librarian job from his friend Jerry who helped him get in the LAPD police academy and became his mentor when he grew up. He was forced into retirement when he was shot in the line of fire when he was a FBI agent. Ray was well respected and highly decorated as an FBI agent, but he decided to retire at a young age of thirty-five. He took over Jerry's job as a head librarian in the Los Angeles Public Library and decided to run a detective agency in his library since he has a PI license. He hires Kevin Sandler, Nick Arbuckle, and Alyson Harris who joined the PI team. Thank you for reading the Seven Librarian Detective series. I hope you enjoy reading them. Who knows, maybe I can come up with another princess story in another time. This is my seventh book that I turn my seven librarian detective stories in one book. See you next time, and the library is now closed. Good-bye!

*Crude Nation* Feb 29 2020 Beneath Venezuelan soil lies an ocean of crude—the world's largest reserves—an oil patch that shaped the nature of the global energy business. Unfortunately, a dysfunctional anti-American, leftist government controls this vast resource and has used its wealth to foster voter support, ultimately wreaking economic havoc. *Crude Nation* reveals the ways in which this mismanagement has led to Venezuela's economic ruin and turned the country into a cautionary tale for the world. Raúl Gallegos, a former Caracas-based oil correspondent, paints a picture both vivid and analytical of the country's economic decline, the government's foolhardy economic policies, and the wrecked lives of Venezuelans. Without transparency, the Venezuelan government uses oil money to subsidize life for its citizens in myriad unsustainable ways, while regulating nearly every aspect of day-to-day existence in Venezuela. This has created a paradox in which citizens can fill up the tanks of their SUVs for less than one American dollar while simultaneously enduring nationwide shortages of staples such as milk, sugar, and toilet paper. Gallegos's insightful analysis shows how mismanagement has ruined Venezuela again and again over the past century and lays out how Venezuelans can begin to fix their country, a nation that can play an important role in the global energy industry. This paperback edition features a new introduction by the author.
