*Encounters in Video Art in Latin America* Jun 02 2020 With insightful essays and interviews, this volume examines how artists have experimented with the medium of video across different regions of Latin America since the 1960s. The emergence of video art in Latin America is marked by multiple points of development, across more than a dozen artistic centers, over a period of more than twenty-five years. When first introduced during the 1960s, video was seen as empowering: the portability of early equipment and the possibility of instant playback allowed artists to challenge and at times subvert the mainstream media. Video art in Latin America was—and still is—closely related to the desire for social change. Themes related to gender, ethnic, and racial identity as well as the consequences of social inequality and ecological disasters have been fundamental to many artists' practices. This compendium explores the history and current state of artistic experimentation with video throughout Latin America. Departing from the relatively small body of existing scholarship in English, much of which focuses on individual countries, this volume approaches the topic thematically, positioning video artworks from different periods and regions throughout Latin America in dialogue with each other. Organized in four broad sections—Encounters, Networks and Archives, Memory and Crisis, and Indigenous Perspectives—the book's essays and interviews encourage readers to examine the medium of video across varied chronologies and geographies.

**The Penguin Book of Caribbean Verse in English** May 14 2021 Over the last few decades Caribbean writers - performance poets, newspaper poets, singer-songwriters - have created a genuinely popular art form, a poetry heard by audiences all over the world. At the same time, even at its most literary, Caribbean poetry shares the vigour of the oral tradition. Writers like Nobel Prize winner Derek Walcott, and many other exciting new voices, are exploring ways of capturing the vitality of the spoken word on the page. Both of these traditions are represented in this lively anthology, which traces Caribbean verse from its roots to the present.

**Cruise Tourism in the Caribbean** Nov 19 2021 This book explores the lessons learned from half a century of Caribbean cruise tourism; one of the most popular and profitable sectors of the tourism industry. The modern-day cruise industry dates from the 1960s when the three major cruise lines, Carnival, Royal Caribbean, and Norwegian, set up shop in Florida and began selling winter cruises to the Caribbean targeting American retirees. For geopolitical reasons, the US initially excluded cruises to Cuba.

This changed in 2016, following the historic Obama-Castro agreement to move towards diplomatic, trade and travel normalization. Cuba quickly became the Caribbean's fastest growing cruise destination. This book considers the limited economic benefits of cruise tourism, its environmental and social impacts, and the effects of climate change, and "overtourism." Based on this analysis and case studies of key Caribbean and Mediterranean destinations, this book cautions against overdependence on cruise tourism and outlines reforms needed to bring more benefits and equity to Caribbean countries. It will be valuable to professionals, businesses, development agencies, NGOs, and academics interested in a sustainable cruise industry and the economic well-being of Caribbean island nations.

*Jewish Pirates of the Caribbean* Feb 20 2022 At the end of the fifteenth century, the Spanish Inquisition forced many Jews to flee the country. The most adventurous among them took to the high seas as freewheeling outlaws. In ships bearing names such as Prophet Samuel, Queen Esther, and Shield of Abraham, they attacked and plundered the Spanish fleet while forming alliances with other European powers to ensure the safety of Jews living in hiding. *Jewish Pirates of the Caribbean* is the entertaining saga of a hidden chapter in Jewish history, and of the cruelty, terror and greed that flourished during the Age of Discovery. Among the many daring figures to feature in the book are: 'the Great Jewish Pirate' Sinan, Barbarossa's second-in-command; Rabbi Samuel Palache and his brother, Joseph, who went from commanding pirate ships to founding the first openly Jewish community in the New World; and Abraham Cohen Henriques, an arms dealer who used his cunning and economic muscle to find safe havens for other Jews. Filled with high-seas adventures including encounters with Captain Morgan and other legendary pirates – and detailed portraits of cities stacked high with plunder, such as Port Royal, Jamaica, *Jewish Pirates of the Caribbean* captures a gritty and glorious era of history from an unusual and eye opening perspective.

**The Art of Ghost of Tsushima** Oct 07 2020 On sale date subject to change. A beautifully realized tome inspired by traditional Japanese aesthetics and featuring art from the delicately crafted video game from Sucker Punch Productions. Dark Horse Books and Sucker Punch Productions are honored to present *The Art of Ghost of Tsushima*. Explore a unique and intimate look at the Tsushima Islands--all collected into a gorgeous, ornately designed art book. Step into the role of Tsushima Island's last samurai, instilling fear and fighting back against the Mongolian invasion of Japan in the open-world adventure, *Ghost of Tsushima*. This volume vividly showcases every detail of the vast and exotic locale, featuring elegant illustrations of dynamic characters, spirited landscapes, and diagrams of Samurai sword-fighting techniques, along with a look at storyboards and renders from the most intense, eloquent, and expressive cinematic moments of the game.

**Bankers and Empire** Aug 29 2022 From the end of the nineteenth century until the onset of the Great Depression, Wall Street embarked on a stunning, unprecedented, and often bloody period of international expansion in the Caribbean. A host of financial entities sought to control banking, trade, and finance in the region. In the process, they not only trampled local sovereignty, grappled with domestic banking regulation, and backed US imperialism—but they also set the model for bad behavior by banks, visible still today. In *Bankers and Empire*, Peter James Hudson tells the provocative story of this period, taking a close look at both the institutions and individuals who defined this era of American capitalism in the West Indies. Whether in Wall Street minstrel shows or in dubious practices across the Caribbean, the behavior of the banks was deeply conditioned by bankers' racial views and prejudices. Drawing deeply on a broad range of sources, Hudson reveals that the banks' experimental practices and projects in the Caribbean often led to embarrassing failure, and, eventually, literal erasure from the archives.

**Romantic Escapes in the Caribbean** Nov 27 2019 Romance And The Caribbean go hand in hand. How could they not, with sunny days, sultry nights, perfect beaches, tropical splendor, and more fun than could be had in a lifetime? Undecided on which island would best suit you? **Pirates of the Caribbean: From the Magic Kingdom to the Movies** Sep 29 2022 *Pirates of the Caribbean* is one of the most popular and beloved attractions in Disney theme park history, and can be found in each Magic Kingdom Park around the globe. *Pirates of the Caribbean: From the Magic Kingdom to the Movies* will illustrate how the scalawags and buccaneers made the voyage from sketches to reality, evolving from early story concepts to adaptations and changes as it moved into each of the parks around the four corners of the world, to the very latest ideas for show enhancement. The second part of the book takes a

virtual tour through the attraction, using the original Disneyland version as the “home port” and then traveling through the differences and additions of the attraction at all the other theme parks. The third part of the book chronicles this classic theme park attraction’s translation (back) into the motion picture that launched a franchise, *Pirates of the Caribbean: The Curse of the Black Pearl*, including an exclusive look at the earliest story concepts, shooting on location in the Caribbean and on Disney Studio soundstages, the birth of the cursed buccaneers inside a computer at ILM, the birth of teen idols in Orlando Bloom and Keira Knightley, and Johnny Depp’s triumphant Academy Award nomination for Best Actor. Now a fourth section showcases the theme park attraction addition of Audio-Animatronics Jack Sparrow and Barbossa, and has many more, all new images from *Pirates of the Caribbean; Dead Man’s Chest*.

**Re-imagining Communication in Africa and the Caribbean** Jan 22 2022 This book advances alternative approaches to understanding media, culture and technology in two vibrant regions of the Global South. Bringing together scholars from Africa and the Caribbean, it traverses the domains of communication theory, digital technology strategy, media practice reforms, and corporate and cultural renewal. The first section tackles research and technology with new conceptual thinking from the South. The book then looks at emerging approaches to community digital networks, online diaspora entertainment, and video gaming strategies. The volume then explores reforms in policy and professional practice, including in broadcast television, online newspapers, media philanthropy, and business news reporting. Its final section examines the role of village-based folk media, the power of popular music in political opposition, and new approaches to overcoming neo-colonial propaganda and external corporate hegemony. This book therefore engages critically with the central issues of how we communicate, produce, entertain, and build communities in 21st-century Africa and the Caribbean.

**The Men Who Lost America** Jun 14 2021 Questioning popular belief, a historian and re-examines what exactly led to the British Empire’s loss of the American Revolution. The loss of America was an unexpected defeat for the powerful British Empire. Common wisdom has held that incompetent military commanders and political leaders in Britain must have been to blame, but were they? This intriguing book makes a different argument. Weaving together the personal stories of ten prominent men who directed the British dimension of the war, historian Andrew O’Shaughnessy dispels the incompetence myth and uncovers the real reasons that rebellious colonials were able to achieve their surprising victory. In interlinked biographical chapters, the author follows the course of the war from the perspectives of King George III, Prime Minister Lord North, military leaders including General Burgoyne, the Earl of Sandwich, and others who, for the most part, led ably and even brilliantly. Victories were frequent, and in fact the British conquered every American city at some stage of the Revolutionary War. Yet roiling political complexities at home, combined with the fervency of the fighting Americans, proved fatal to the British war effort. The book concludes with a penetrating assessment of the years after Yorktown, when the British achieved victories against the French and Spanish, thereby keeping intact what remained of the British Empire. “A remarkable book about an important but curiously underappreciated subject: the British side of the American Revolution. With meticulous scholarship and an eloquent writing style, O’Shaughnessy gives us a fresh and compelling view of a critical aspect of the struggle that changed the world.”—Jon Meacham, author of *Thomas Jefferson: The Art of Power*

**Kiplinger's Personal Finance** Jul 04 2020 The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership and many other personal finance topics.

Crime and Violence in the Caribbean May 02 2020 This book discusses the recent crime and violence trends in the Caribbean highlighting its history and current challenges that continue to impede its development. Theoretical explanations are offered for the existing conditions and discussion of the need of a paradigm shift in policy development to combat the crime problem.

The Politics of Caribbean Cyberculture Jul 28 2022 This book covers significant new ground, examining the impact and imprint of new leading technology on a range of popular expressions. This technology includes the internet, the computer, the cell phone, television, and radio, among others. Best argues that Caribbean culture has gone wireless, virtual, and simulated in the age of the machines.

**Islands Magazine** Dec 29 2019

**Teaching Intercultural Competence Across the Age Range** Feb 29 2020 This ground-breaking book is the first to describe in detail how teachers, supported by university educators and education advisers, might plan and implement innovative ideas based on sound theoretical foundations. Focusing on the teaching and learning of intercultural communicative competence in foreign language classrooms in the USA, the authors describe a collaborative project in which graduate students and teachers planned, implemented and reported on units which integrated intercultural competence in a systematic way in classrooms ranging from elementary to university level. The authors are clear and honest about what worked and what didn't, both in their classrooms and during the process of collaboration. This book will be required reading for both scholars and teachers interested in applying academic theory in the classroom, and in the teaching of intercultural competence.

**The First Quarter** Jan 10 2021 As a child, Philip Sherlock loved to listen to folk tales. Since then he has made a significant contribution to Caribbean folklore by recording many of them in print for the first time. Here are fables of the birds and animals of the West Indies: jaguar, snake, crested curassow, wild pig, parrot, wise owl, and of Anansi--the spider who can assume human form. These twenty-one stories are a wonderful mixture of early tales from the Arawak and the Carib people, the original inhabitants of the Caribbean, and from the Ashanti people of West Africa. Read together they help to provide a background to the history of the West Indies. The stories are retold here in a warm, rich style--some tales gentle and philosophical, some humorous and full of action.

**Bowker's Complete Video Directory** Mar 31 2020

Miles highlights magnificent landmarks and enjoyed his cultural adventures.

*American Revolutions: A Continental History, 1750-1804* Jun 22 2019 "Excellent . . . deserves high praise. Mr. Taylor conveys this sprawling continental history with economy, clarity, and vividness."—Brendan Simms, Wall Street Journal The American Revolution is often portrayed as a high-minded, orderly event whose capstone, the Constitution, provided the nation its democratic framework. Alan Taylor, a two-time Pulitzer Prize winner, gives us a different creation story in this magisterial history. The American Revolution builds like a ground fire overspreading Britain's colonies, fueled by local conditions and resistant to control. Emerging from the continental rivalries of European empires and their native allies, the revolution pivoted on western expansion as well as seaboard resistance to British taxes. When war erupted, Patriot crowds harassed Loyalists and nonpartisans into compliance with their cause. The war exploded in set battles like Saratoga and Yorktown and spread through continuing frontier violence. The discord smoldering within the fragile new nation called forth a movement to concentrate power through a Federal Constitution. Assuming the mantle of "We the People," the advocates of national power ratified the new frame of government. But it was Jefferson's expansive "empire of liberty" that carried the revolution forward, propelling white settlement and slavery west, preparing the ground for a new conflagration.
