*Sharon, Lois and Bram's Skinnamarink* Feb 13 2021  
National bestseller Based on the classic folk song made famous by a beloved trio of children's entertainers, this picture book is best sung aloud! "Skinnamarink" is a timeless anthem of love and inclusion. What does "skinnamarink" mean? You may not find its definition in a dictionary, but the meaning is clear to the generations of children who sang along: friendship, happiness, sharing, community and, ultimately, love. This song has been sung in weddings and in classrooms. It can be fun and silly -- especially with the

accompanying actions! And it has a way of bringing people together. Through Qin Leng's wonderfully imaginative illustrations, this delightful picture book tells the story of a community coming together. Young and old, from little mice to a big elephant, people and animals gather into a spontaneous parade as they follow the sound of music. Sharon, Lois and Bram formed as a trio of children's entertainers in Toronto in 1978 and went on to create two top-rated children's television shows, most notably *The Elephant Show*, and to release 21 full-length albums (many of which reached gold, platinum, double platinum and triple platinum). In 2018, Sharon and Bram celebrated their 40th anniversary and they continue to entertain children and share their message of love.

*The Penny Dreadfuls* Mar 05 2020 Three nineteenth-century literary giants—Bram Stoker, Mary Shelley, and Oscar Wilde—in one outstanding volume of Victorian gothic horror. In the 1800s, penny dreadfuls were cheap English stories that featured lurid, disturbing, and tantalizing content. These horror serials cost a penny per issue, hence their name. Penny dreadfuls often paid homage to—and even inspired—many of the more famous narratives of the horror genre. Born of the penny dreadful tradition and originally published at a time when dramatic scientific discoveries sparked a cultural fixation on the paranormal, these stories remain timeless in their uncanny ability to prey upon our primal fear of that which is strange, violent, and unknown. This book contains three haunting tales and a bonus story: *Dracula* by Bram Stoker *Dracula's Guest* by Bram Stoker

(Dracula's original first chapter, not published until after Stoker's death) Frankenstein by Mary Shelley The Picture of Dorian Gray by Oscar Wilde Curl up with The Penny Dreadfuls on a dark, moonless night and rediscover these chilling classics!

**Kakuma Refugee Camp** Feb 02 2020 Kenya's Kakuma refugee camp is one of the world's largest, home to over 100,000 people drawn from across east and central Africa. Though notionally still a 'temporary' camp, it has become a permanent urban space in all but name with businesses, schools, a hospital and its own court system. Such places, Bram J. Jansen argues, should be recognised as 'accidental cities', a unique form of urbanization that has so far been overlooked by scholars. Based on extensive ethnographic fieldwork, Jansen's book explores the dynamics of everyday life in such accidental cities. The result is a holistic socio-economic picture, moving beyond the conventional view of such spaces as transitory and desolate to demonstrate how their inhabitants can develop a permanent society and a distinctive identity. Crucially, the book offers important insights into one of the greatest challenges facing humanitarian and international development workers: how we might develop more effective strategies for managing refugee camps in the global South and beyond. An original take on African urbanism, Kakuma Refugee Camp will appeal to practitioners and academics across the social sciences interested in social and economic issues increasingly at the heart of contemporary development.

**Lady Athlyne** Mar 17 2021 In Lady Athlyne, Joy and her Aunt Judith meet Mrs. O'Brian who claims to have fostered

Earl Athlyne, and teases Joy with the possibility of being "Lady Athlyne." Earl Athlyne hears that a young woman is using his name and vows to himself that he will find "Lady Athlyne" to get answers. You will love reading Joy's fate in this mischievous tale.

*Famous Impostors* Sep 22 2021 He's best remembered as the legendary manager of London's Lyceum Theatre and author of the incalculably influential 1897 novel *Dracula*, but Bram Stoker was a prolific writer of numerous other works, including books of nonfiction. This curious 1910 work, one of his last, is an amusing survey of the charlatans, rogues, and other practitioners of make-believe who bedevil and delight us. With a cheerfully withering eye for their cons, Stoker introduces us to many famous fakers including: royal pretenders (such as Perkin Warbeck, who claimed King Henry VII's throne) magicians (Paracelsus, Cagliostro, etc.) witches and clairvoyants women masquerading as men hoaxers and others. Irish author ABRAHAM STOKER (1847-1912) worked for more than a quarter of a century as manager of the West End's Lyceum Theatre, which drew him into London's literary and artists circles; he was a friend of such luminaries as writer Sir Arthur Conan Doyle and painter James Abbott McNeill Whistler. Stoker is also the author of *The Lair of the White Worm* (1911), among other books.

**The Game Theory** Apr 17 2021 *The Game Theory* is a

light-hearted look at the world of dating through the lens of economic theory. If you've ever wondered about the ups and downs of playing hard-to-get; how to give gifts that will actually be appreciated; or why your partner isn't willing to hang up the phone first, this is the book for you. It will help you find love, learn economics, and (almost) certainly find love through learning economics. Don't play the dating game without *The Game Theory*.

*The Art of History* Jul 21 2021 One has to look no further than the audiences hungry for the narratives served up by *Downton Abbey* or *Wolf Hall* to know that the lure of the past is as seductive as ever. But incorporating historical events and figures into a shapely narrative is no simple task. The acclaimed novelist Christopher Bram examines how writers as disparate as Gabriel García Márquez, David McCullough, Toni Morrison, Leo Tolstoy, and many others have employed history in their work. Unique among the "Art Of" series, *The Art of History* engages with both fiction and narrative nonfiction to reveal varied strategies of incorporating and dramatizing historical detail. Bram challenges popular notions about historical narratives as he examines both successful and flawed passages to illustrate how authors from different genres treat subjects that loom large in American history, such as slavery and the Civil War. And he delves deep into the reasons why *War and Peace* endures as a classic of historical fiction. Bram's keen insight and close reading of a wide array of authors make *The Art of History* an essential volume for any lover of historical narrative.

Dracula Sep 10 2020 Excerpt from Dracula: A Mystery Story  
In the population of Transylvania there are four distinct nationalities: Saxons in the South, and mixed with them the Wallachs, who are the descendants of the Dacians Magyars in the West, and Szekelys in the East and North. I am going among the latter, who claim to be descended from Attila and the Huns. This may be so, for when the Magyars conquered the country in the eleventh century they found the Huns settled in it. I read that every known superstition in the world gathered into the horseshoe of the Carpathians, as if it were the centre of some sort of imaginative whirlpool; if so my stay may be very interesting. **THE LADY OF THE SHROUD** Jun 07 2020 First published in the year 1909, the present novel 'The Lady of the Shroud' by Bram Stoker is an epistolary novel, narrated in the first person via letters and diary extracts from various characters, but mainly Rupert. The initial sections, leading up to the reading of the uncle's will, told by other characters, suggest that Rupert is the black sheep of the family, and the conditions of having to live in the castle in the Blue Mountains for a year before he can permanently inherit the unexpectedly large million-pound estate suggest the uncle is somehow testing the heir.

*The Jewel of Seven Stars* Oct 12 2020 The Jewel of Seven Stars is a horror novel by Bram Stoker. An Egyptologist, attempting to raise from the dead the mummy of Tera, an ancient Egyptian queen, finds a fabulous gem and is stricken senseless by an unknown force. Amid bloody and eerie scenes, his daughter is possessed by Tera's soul, and her fate depends upon bringing Tera's mummified body to life.

*Under the Sunset* Dec 02 2019 Far, far away, there is a beautiful Country which no human eye has ever seen in waking hours. Under the Sunset it lies, where the distant horizon bounds the day, and where the clouds, splendid with light and colour, give a promise of the glory and beauty which encompass it. Sometimes it is given to us to see it in dreams. Now and again come, softly, Angels who fan with their great white wings the aching brows, and place cool hands upon the sleeping eyes. Then soars away the spirit of the sleeper. Up from the dimness and murkiness of the night season it springs. Away through the purple clouds it sails. It hies through the vast expanse of light and air. Through the deep blue of heaven's vault it flies; and sweeping over the far-off horizon, rests in the fair Land Under the Sunset.

**Hold Tight** Apr 29 2022 During World War II, a gay navy sailor works undercover to catch Nazi spies, in this “fast-moving” novel from the author of *Gods and Monsters* (Publishers Weekly). During shore leave in New York, Seaman Second Class Hank Fayette, a Texas country boy in the big city, finds himself visiting a gay brothel, where he is swiftly arrested during a raid. Facing the prospect of a dishonorable discharge—or worse—he is given another option: Return to the brothel, near Manhattan’s West Side piers, and work undercover as a prostitute. Nazi agents are rumored to haunt the area, and Hank is a perfect lure to trap

them. This military man is about to risk his life for his country in a way he never expected in “a spy thriller that breaks new ground” from the author of *Eminent Outlaws* and *The Notorious Dr. August* (Kirkus Reviews).

**Conceptual Modern Arnis** Nov 24 2021 A seldom seen view of Arnis/Modern Arnis the Filipino fighting art of Professor Remy Pesas as seen by 1st Generation student / Senior Master Instructor, Grandmaster of Arnis: Bram Frank. Modern Arnis is seen through the perspective of the family art of the Bolo and knife, (edged tools) rather than a stick. The art of the blade as hidden in Modern Arnis based on the family style of Bolo is shown. The Pesas family was known for teaching bolo to the brigades during WWII. Bram was named by the last of the Pesas family GM Roberto Pesas and The Worldwide Family of Modern Arnis and Filipino Martial Arts Council as the Guardian of the Legacy of Pesas bolo. Bram's innovations and translations are shown: the same as he teaches at the FMA festivals in the Philippines. Some history of Modern Arnis in the USA is told

*The Fighting Season* Jan 15 2021 *The Fighting Season* is military fiction of the first order: as tough as nails and packed with the insider knowledge of someone who has done it for real.' - Matthew Reilly 'Action packed, gritty and authentic to the core.' - Merrick Watts An explosive thriller from the heart of Afghanistan Outside the wire, Uruzghan Province, Afghanistan, 2010... In the badlands of central Afghanistan an Australian Special Forces platoon is fatally hit by a roadside bomb. A shadowy Taliban commander, codenamed 'Rapier', is identified as responsible for the deadly attack. Matt Rix, the ultra tough commando who led

the ambushed platoon, swears vengeance. Rix is one of Special Forces' most lethal operators. He'll neutralise Rapier - whatever it takes. But in Afghanistan's brutal war, not all things are as they seem.

**Rufus the Writer** Oct 24 2021 Want to encourage a child to write creatively? Introduce him to Rufus! The joy of writing (and reading) fills every page of this charming picture book. Why have a lemonade stand when you can have a story stand? That's what Rufus, a boy with a big imagination, decides. And once he's in business, he starts creating little gems for his friends and family. Millie and Walter trade a shell for his story called "Why Orange Is the Best Color." Rufus writes little sister Annie a story for her birthday about a girl who shrinks to the size of a teacup. Sara trades flowers for a story about a family of buttons. And then they all sit down and read the wonderful stories together.

**Dracula (Annotated)** Nov 12 2020 Jonathan Harker's Journal 3 May. Bistritz. --Left Munich at 8:35 P. M, on 1st May, arriving at Vienna early next morning; should have arrived at 6:46, but train was an hour late. Buda-Pesth seems a wonderful place, from the glimpse which I got of it from the train and the little I could walk through the streets. I feared to go very far from the station, as we had arrived late and would start as near the correct time as possible. The impression I had was that we were leaving the West and entering the East; the most western of splendid bridges over the Danube, which is here of noble width and depth, took us among the traditions of Turkish rule. We left in pretty good

time, and came after nightfall to Klausenburgh. Here I stopped for the night at the Hotel Royale. I had for dinner, or rather supper, a chicken done up some way with red pepper, which was very good but thirsty. (Mem. get recipe for Mina.) I asked the waiter, and he said it was called "paprika hendl," and that, as it was a national dish, I should be able to get it anywhere along the Carpathians. I found my smattering of German very useful here, indeed, I don't know how I should be able to get on without it. Having had some time at my disposal when in London, I had visited the British Museum, and made search among the books and maps in the library regarding Transylvania; it had struck me that some foreknowledge of the country could hardly fail to have some importance in dealing with a nobleman of that country.

Manga Classics: Dracula Sep 30 2019 An ancient evil lurks in the dark heart of Transylvania - but it won't lurk there forever. *Something in the Blood: The Untold Story of Bram Stoker, the Man Who Wrote Dracula* Jun 27 2019 A 2017 Edgar Award Finalist A revelatory biography exhumes the haunted origins of the man behind the immortal myth, bringing us "the closest we can get to understanding [Bram Stoker] and his iconic tale" (The New Yorker). In this groundbreaking portrait of the man who birthed an undying cultural icon, David J. Skal "pulls back the curtain to reveal the author who dreamed up this vampire" (TIME magazine). Examining the myriad anxieties plaguing the Victorian fin de siècle, Skal stages Bram Stoker's infirm childhood against a grisly tableau of medical mysteries and horrors: cholera and famine fever, childhood opium abuse, frantic bloodletting, mesmeric quack cures, and the gnawing obsession with "bad blood" that pervades *Dracula*. In later years, Stoker's ambiguous sexuality is explored through his passionate youthful correspondence with Walt Whitman, his adoration of the

actor Sir Henry Irving, and his romantic rivalry with lifelong acquaintance Oscar Wilde—here portrayed as a stranger-than-fiction doppelgänger. Recalling the psychosexual contours of Stoker’s life and art in splendidly gothic detail, *Something in the Blood* is the definitive biography for years to come.

**Mapping the Territory** May 31 2022 The first collection of nonfiction from the author Tony Kushner calls “one of the best novelists writing in the world today” Over a thirty-year period, novelist Christopher Bram witnessed, and lived through, the powerful experiences of coming out, the AIDS epidemic, gay marriage, and the social changes that have occurred in lower Manhattan. From the title piece, which maps the state of gay fiction, to “A Body in Books,” about the gay books that changed the author’s life, the essays in *Mapping the Territory* form a coherent autobiographical account of Bram’s life. This work wouldn’t be complete without “Homage to Mr. Jimmy,” his account of how his novel *Father of Frankenstein* grew from his imagination and writing into the Oscar-winning movie *Gods and Monsters*. *Mapping the Territory* is a thoroughly engaging and compelling look into a great American writer.

**Bram Stoker's Dracula** Oct 31 2019 Winner of the 1997 International Association of the Fantastic in the Arts Best Non-fiction Book In 1897, Archibald Constable & Company published a novel by the unheralded Bram Stoker. That novel, *Dracula*, has gone on to become perhaps the most influential novel of all time. To commemorate the centennial of that great novel, Carol Margaret Davison has brought together this collection of essays by some of the world’s

leading scholars. The essays analyze Stoker's original novel and celebrate its legacy in popular culture. The continuing presence of Dracula and vampire fiction and films provides proof that, as Davison writes, Dracula is "alive and sucking." "Dracula is a Gothic mandala, a vast design in which multiple reflections of the elements of the genre are configured in elegant sets of symmetries. It is also a sort of lens, bringing focus and compression to diverse Gothic motifs, including not only vampirism but madness, the night, spoiled innocence, disorder in nature, sacrilege, cannibalism, necrophilia, psychic projection, the succubus, the incubus, the ruin, and the tomb. Gathering up and unifying all that came before it, and casting its great shadow over all that came and continues to come after, its influence on twentieth-century Gothic fiction and film is unique and irresistible." from the Preface by Patrick McGrath

**The Truth about Nature** Jun 19 2021 How should we share the truth about the environmental crisis? At a moment when even the most basic facts about ecology and the climate face contestation and contempt, environmental advocates are at an impasse. Many have turned to social media and digital technologies to shift the tide. But what if their strategy is not only flawed, but dangerous? *The Truth about Nature* follows environmental actors as they turn to the internet to save nature. It documents how conservation efforts are transformed through the political economy of platforms and the algorithmic feeds that have been instrumental to the rise of post-truth politics. Developing a novel account of post-truth as an expression of power under platform capitalism, Bram Büscher shows how environmental actors attempt to

mediate between structural forms of platform power and the contingent histories and contexts of particular environmental issues. Bringing efforts at wildlife protection in Southern Africa into dialogue with a sweeping analysis of truth and power in the twenty-first century, Büscher makes the case for a new environmental politics that radically reignites the art of speaking truth to power.

*Father of Frankenstein* Jul 29 2019 James Whale was the most brilliant director of horror films Hollywood has ever seen, director of such classics as *Frankenstein* and *Bride of Frankenstein* (and indeed every horror film rated with four stars in Halliwell's Film Guide). But he was by no means a typical Hollywood product, both because he was English and because he was openly gay in the Hollywood of the 30s. Christopher Bram's moving and powerful novel portrays Whale in his last weeks of life in 1957, overwhelmed by images of his past, his working class childhood in Britain, Hollywood premieres in the 30s, friendships with Elsa Lanchester, Charles Laughton and Elizabeth Taylor. Consumed by the contrast between his past and his present obscurity, he conspires with his young gardener to provide his life with the dramatic ending it deserves.

The Lost Journal of Bram Stoker May 19 2021 Recently a long-lost journal belonging to *Dracula* author Bram Stoker was discovered in his great-grandson Noel's dusty attic. Published now to coincide with the centenary of Stoker's death, the text of this stunning find, written between 1871 and 1881, mostly in his native Dublin, will captivate scholars of Gothic literature and *Dracula* fans alike. Painstakingly transcribed and researched, the journal offers intriguing new

insights into the complex nature of the man who wrote Dracula more than one hundred years ago. Assisted by a team of scholars and Stoker historians, Dacre Stoker and Professor Elizabeth Miller neatly connect the dots between the contents of the journal and Bram Stoker's later work, most significantly Dracula. Until now, discussion of the very private Bram Stoker has, by necessity, been largely speculative. Other than names and dates provided by biographers, and Bram Stoker's own sparse self-revelation in his non-fiction, little has been available to support character studies of this fascinating Victorian gentleman. This personal journal shows Stoker's private thoughts and his developing style, and is a veritable treasure trove of oddities, musings and anecdotes.

*Science and Social Science in Bram Stoker's Fiction* Jan 03 2020 Best known today as the author of Dracula, Bram Stoker also wrote several other works, including *The Jewel of Seven Stars*, *Lady Athlyne*, and *The Lair of the White Worm*. While he is largely thought of as a Gothic author, he also employs science and technology in his writings. This book examines Stoker's familiarity with scientific discoveries of his day and his blending of science and technology with supernatural subject matter. Stoker, then, emerges as an early writer of science fiction. In addition, this book shows him to be a thoughtful critic of the role of science in society.

**The Conservation Revolution** Dec 26 2021 A post-capitalist manifesto for conservation Conservation needs a revolution. This is the only way it can contribute to the drastic transformations needed to come to a truly sustainable model of development. The good news is that conservation is

ready for revolution. Heated debates about the rise of the Anthropocene and the current 'sixth extinction' crisis demonstrate an urgent need and desire to move beyond mainstream approaches. Yet the conservation community is deeply divided over where to go from here. Some want to place 'half earth' into protected areas. Others want to move away from parks to focus on unexpected and 'new' natures. Many believe conservation requires full integration into capitalist production processes. Building a razor-sharp critique of current conservation proposals and their contradictions, Büscher and Fletcher argue that the Anthropocene challenge demands something bigger, better and bolder. Something truly revolutionary. They propose convivial conservation as the way forward. This approach goes beyond protected areas and faith in markets to incorporate the needs of humans and nonhumans within integrated and just landscapes. Theoretically astute and practically relevant, *The Conservation Revolution* offers a manifesto for conservation in the twenty-first century—a clarion call that cannot be ignored.

### **Supply Chain Strategy and Financial Metrics** Aug 10

2020 *Supply Chain Strategy and Financial Metrics* is a step-by-step guide to balancing the triangle of service, cost and cash which is the essence of supply chain management.

Supply chains have become increasingly strategy-driven, and this Supply Chain Triangle approach puts the supply chain at the heart of the strategy discussion instead of seeing it as a result. *Supply Chain Strategy and Financial Metrics* fully reflects the 'inventory' or 'working capital' angle and examines the optimisation of the supply chain and Return on

Capital Employed. Including case studies of Barco, Casio and a selection of food retail companies, this book covers building a strategy-driven KPI dashboard, target setting and financial benchmarking. Regular examples and diagrams illustrate how different types of strategies lead to different trade-offs in the Supply Chain Triangle. This groundbreaking text links supply chain, strategy and finance through financial metrics, therefore creating value for the shareholder. Online supporting resources include worksheets covering basic financial concepts such as cash flow and working capital, with example data sets and guidelines/exercises to make it interactive.

### **Solubility in Supercritical Carbon Dioxide** Dec 14 2020

Supercritical fluid extraction is an environmentally safe and cost-effective alternative to traditional organic solvents.

Carbon dioxide is widely used as the solvent of choice for applications such as caffeine and nicotine extraction due to its mild critical temperature, nontoxicity, nonflammability, and low cost. Introducing the most complete collection of supercritical CO<sub>2</sub> solubility data currently available, *Solubility in Supercritical Carbon Dioxide* features experimental data on more than 780 solutes in consistent units and an easily accessible format. This book reflects the authors' painstaking efforts to compile solubility data for an extensive variety of compounds including liquids, solids, polymers, foods, drugs, nutraceuticals, pesticides, dyes, and metal complexes. Each of the more than 1200 tables is arranged in alphabetical order by compound, includes a graphical plot of its data, and features the following information: Compound name, molecular formula, and

molecular weight Temperature and pressure given in Kelvin and bar, respectively Name and amount of cosolvent, if applicable Molar or mass solubility, when applicable Mole- or mass-fraction solubility Synonyms for the compound, where available Reference source for the data Density data for CO<sub>2</sub> appears in one appendix, while a complete list of solutes by molecular formula appears in the other. Clear, consistent, and carefully organized, Solubility in Supercritical Carbon Dioxide is the most convenient quick-lookup guide for reliable data.

*Bram Stoker* May 07 2020 This book charts the major events of Stoker's life, including friendships with many of the major figures of the age and as manager of Henry Irving's Lyceum, with his literary career. It offers critical evaluation of *Dracula* and of Stoker's lesser-known works, yielding much interest when reinserted into their original cultural contexts.

**Surprising Myself** Apr 05 2020 Seventeen-year-old Joel can't be gay if he's straight After four years of living with relatives in Switzerland, seventeen-year-old Joel Scherzenlieb finds himself in the United States for the summer, working at a Boy Scout camp. There, he meets nineteen-year-old Corey Cobbett, a fellow counselor who's the only person Joel wants to be friends with. Soon, Joel's sarcastic, distant CIA father shows up and whisks him away to live with his mother, grandmother, and older sister on a farm in Virginia—he's not going back to Switzerland after all. As his father pleads poverty and his dreams of going to college vanish, Joel faces his longest year yet. But everything changes when Corey returns to his life, bringing with him the discovery and excitement of reciprocal love.
